

Vendor Compliance to Keep Your Business Moving.

In today's fast paced world, Vendor Compliance is becoming an increasingly important part of a successful distribution operation. Companies are no longer tolerating incomplete orders and/or errors in shipment from their suppliers. In addressing Vendor Compliance issues, we at WSi have the solutions to fit your needs.

Our application engineers have in-depth experience working with Vendor Compliance issues in a wide variety of manufacturing, distribution, and warehousing environments. From retro-fits to new facility installations, we are there with you every step of the way.

Utilizing Automatic Label Print and Apply, Weigh-In-Motion Auditing, Security Tag De-activation, and Radio Frequency Identification (RFID) technologies,

coupled with advanced system monitoring and controls, we can solve your Vendor Compliance related issues.

Lower costs, improved order accuracy, reduced penalties, greater productivity, and increased customer satisfaction are just some of the ways in which your company can benefit from successful integration of Vendor Compliance components.

We at WSi Solutions are committed to exceeding your expectations and providing you with precisely the right Vendor Compliance solution to *Keep Your Business Moving.*
